Leading the advancement of professional interpreters

Global Leaders to Address Language Access at the 6th Annual National Medical Interpreter Certification Open Forum in Tulsa, Oklahoma

TULSA, Okla., March 9, 2012 - Leaders, advocates and other stakeholders in the medical interpreting industry will travel across the globe to convene on Monday April 30, 2012, in Tulsa, Oklahoma for the 6th Annual National Medical Interpreter Certification Forum. The event, which is a no-fee forum open to all hospitals, government agencies, interpreters and other stakeholders, will include guest speakers and discussions that address the advancement of national certification, best practices in the profession and perspectives from industry leaders. Attendees will share advocacy updates, status of educational programs and new opportunities for involvement in shaping the future of medical interpreting.
