

INTERNATIONAL MEDICAL
INTERPRETERS ASSOCIATION
Leading the advancement of professional interpreters

The International Medical Interpreters Association (IMIA) is proud of the achievements that have been attained towards the advancement of this most crucial profession, and we have our many members, volunteers and staff to thank for it! We want to keep moving forward with this important work, and we are asking for your help in our continuing efforts.

Funds received throughout the year are utilized by IMIA to help support ongoing and planned activities, such as certification, community outreach and national reimbursement advocacy efforts. Your donations are essential to enable the continuous work of the IMIA.

By making your donation, you will join in spreading our message:

“Yes, I believe that all persons, regardless of background, have the right to quality health care, and I believe that professional medical interpreters have an important role in ensuring the provision of quality care, preventing adverse health outcomes and reducing health disparities due to lack of language access.

Your support is vital to the ongoing efforts of the IMIA. To make your contribution, please visit <http://www.imiaweb.org/members/donate.asp> - each and every donation is appreciated!

Thank you for your support!
